-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

#### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Art Unit: 1618

Claims 1-41 are presented for examination.

The amendments and remarks filed on August 21, 2006 have been received and enter.

Claims 1-41 are rejected under 35 U.S.C. 112 first paragraph for the reasons set forth on pages 2-4 of the office action of May 17, 2006.

Claims 1-26 and 29-41 are rejected under 35 U.S.C. 103 (a) as being unpatentable over WO patent 98/34644 for the reasons set forth on pages 3-4 of the office action of May 17, 2006.

Applicant's arguments and remarks regarding the 112 first paragraph have been carefully considered, but are not deemed to be persuasive. Applicant in his remarks refers to the U.S. Patent 6,274,614 and argues that the word "preventing" was used in such patent. Applicant is reminded that a patent is a property and not precedence for other application. Furthermore, each application is allowed based on its own merits and the support that is provided in the specification. Applicant's specification fails to demonstrate that the inflammation completely abolished after using the claimed method of use. Applicant's arguments regarding the obviousness rejection have also been carefully considered, but are not deemed to be persuasive. Applicant in his remarks argues that the prior art does not teach that normal dose photodynamic therapy can cause inflammation that can be reduced or prevented by low dose PDT. Applicant is reminded that the rejection is an obviousness rejection and not anticipation. Therefore, it is not necessary for the reference to teach every element of the claimed invention in complete detail. Applicant's arguments

Art Unit: 1618

regarding claims 1 and 17 are not also well taken. The prior art clearly teaches that the photodynamic therapy can affect the tissues beyond the treated area, and can cause damage to such tissues as well. Thus, to use a low dose light to treat such tissues would have been obvious to a person skilled in the art.

Applicant's arguments regarding the rejection of claims 33-41 have been noted.

Applicant is reminded that claim 33 is dependent on claim 17. However, there are no steps a, b, c and d in claim 17.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Zohreh A. Fay whose telephone number is (571) 272-0573. The examiner can normally be reached on Monday to Friday 9:30-6:00.
